

THE RICHMOND PALLADIUM.

VOL. XXXI. NO. 301.

Richmond, Indiana, Monday Morning, November 26, 1906.

Single Copy, One Cent.

THREATEN LIFE OF SENATOR TILLMAN

Police to Take Extra Precaution to Prevent Bomb Throwing at Chicago.

NEGROES ARE INCENSED

MAYOR DUNNE IGNORES REQUEST OF COLORED PEOPLE OF HIS CITY AND WILL PRESENT AT THE MEETING.

[Publishers' Press.] Chicago, Nov. 25.—Stories that a bomb is to be hurled into Orchestra Hall while Senator Tillman is lecturing there Tuesday night have aroused the police to the most elaborate precautions for the protection of the southern statesman and his audience. The threats of violence are hard to trace to their sources, but they are so numerous and so much apprehensive is shown by the peaceful negroes that the police are treating them with much respect.

One negro woman, thought to be insane, who has sworn publicly to kill Senator Tillman, has been locked up and will be kept a prisoner until the lecture is over. Her name is not known.

Chief of police Collins has announced that though in compliance with Senator Tillman's expressed wish, negroes will be admitted to the hall, they will be confined to the gallery under heavy guard and that all suspicious persons will be searched.

Mayor Dunne Will Preside.

Mayor Dunne has been decided on to preside at the lecture, despite the request from a delegation of prominent negroes that he prevent the address or, at least, refuse to sanction it by his presence.

"These are the times that try men's souls," says the Broad Ax a negro publication, in commenting on the coming lecture. "They are cringing towards and servile slaves who do not dare be in the right with two or three; they who commend the brutalities of the past or the present, assist to sow the seed for future crimes and load the dice against themselves."

"Therefore, it is the solemn duty of every person residing in Chicago to bend his best efforts to prevent any unlawful act on the part of the people Tuesday night, while Senator Tillman, the bold and bloody advocate of mob and lynch law for colored men, women and children, will be engaged in speaking at Orchestra Hall."

Still Hard After Negroes.

Senator Tillman, who spoke last night at South Haven, Mich., did little to allay the excitement. "The younger element of negroes are being taught," he said, "that they are equal to the white men and are endeavoring to get these rights, led by Booker Washington, a half breed, who seeks a political position."

"I hope the North will heed the warning and abolish the Fifteenth Amendment, but I doubt if it will do this, so the South must resort to the shotgun."

"I advocate a passport system, so we may keep track of these animals. Lynch law is all we have left. I do not believe in slavery, but we will not put up with equality."

COLISEUM TO BE PUT IN SHAPE FOR SKATES

The Richmond Athletic Association which controls the Coliseum feels pretty well assured that the skating craze is still rampant and that the present season will prove as joyous to the skaters as in the past few seasons. The Coliseum's skating surface will today be subjected to a special course of treatment which will render it in fine condition for the opening on Wednesday night, Thanksgiving eve.

BOTH HAVE THEIR BILLS

Senator Kirkman and Representative Ratliff Have Some Measures to Advocate.

Both R. E. Kirkman, Senator-elect, and Walter S. Ratliff, Representative-elect will in all probability have several measures to present to the forthcoming session of the General Assembly of Indiana, but neither is up to this time ready to announce definitely what bills he will introduce. Owing to the fact that the Republican majority in the coming session of the Legislature will be much decreased when compared with that of past sessions for ten years, the patronage will be a puzzling matter. The Republicans will have the power to name the forces of clerks, doorkeepers, etc., for both branches of the legislature, but the appointments will be made by a smaller number of members than heretofore.

All over the state the word comes that Senators and Representatives are being besieged with applications for places, and it is understood that there are numbers of applicants in Wayne county. The "jobs" are good for sixty days only.

THE WEATHER PROPHET.

INDIANA—Rain Monday; Tuesday rain or snow and colder; fresh to brisk south winds, shifting to northwest Monday night.

OHIO—Rain Monday; Tuesday rain south winds.

TENSION OUT OF QUESTION

FEELING IS OF THE BEST

If Chancellor Von Buelow Resigns From Kaiser's Cabinet it Will be on Account of Ill Health, so Reliable Reports Say.

[Publishers' Press.] Berlin, Nov. 25.—The reports that the Chancellor Von Buelow is about to resign his office may be accepted as one of these rumors inseparable from the German political situation, and according to well informed circles there is absolutely no truth in the rumor. At no time during Prince Buelow's brilliant career has he been in such favor as he is at present, and those who are acquainted with the personal relations between the Chancellor and his imperial master know that coolness or tension is out of the question.

Since the Chancellor resumed work at Berlin he has been repeatedly visited by the Kaiser and they have resumed the old cordial relations of a year ago. However, should Prince Buelow resign in the near future, it is said, it will be on account of his health and not through any differences between himself and the Kaiser.

MAY ADD ANOTHER TEAM

Approach of Winter Shows Need of Additional Force for Gathering Garbage Etc.

It is possible that with the approach of winter the force of ash and garbage gatherers employed by the city will be slightly increased to meet the emergencies which cold weather always brings but which in recent years have not been met. The accumulation of ashes during the winter sometimes gets beyond the force, especially during the snowy season when the length of the trips of the wagons must be curtailed. In order to keep the alleys of the city free from great quantities of debris of this sort, it will be necessary to increase the force with at least another team.

BUSY SEASON HAS BEGUN

From Now Till Early Spring Different Secret Societies of City Will be Busy.

All of Richmond's secret societies have now started in on their busy season. From now till early spring the lodges, or most of them, will have many candidates to receive the degrees. According to the fraternal society statistics of Indiana, Richmond is one of the cities which has the largest membership in Odd Fellows, Red Men and Knights of Pythias, Masons, Elks, Eagles and Druids. Most of the other secret societies are also represented in Richmond with good sized memberships.

Bomb May be Thrown at Negro Hater

The colored people of Chicago have demanded that Senator Tillman not be allowed to speak there tomorrow night, and the request having been denied, they may resort to violence.

NEXT FRIDAY IS ST. ANDREW'S DAY

November 30 Given Over by the Church to the Patron Saint of Scotland.

THE APOSTLE CRUCIFIED

ROMAN PRO CONSUL, ACCORDING TO LEGEND HAD HIM TIED TO CROSS WHERE HE DIED FROM HUNGER AND THIRST.

Friday, November 30, will be celebrated by churches of Richmond as the day of St. Andrew, the apostle, the son of Jonas, a fisherman of Bethsaida, in Galilee. He was the brother of Simon Peter, but whether older or younger Scripture does not say. He was one of the two disciples of John the Baptist, to who the latter exclaimed as he saw Jesus pass by: "Behold the Lamb of God!" On hearing these words the two individuals in question followed Jesus and having accosted him, were invited by Jesus to remain with him for the day. Thereafter Andrew went in quest of his brother Simon Peter and brought him to Jesus, a circumstance which has invested Andrew with a special preeminence.

After the ascension the name of Andrew is not mentioned in the New Testament. He is believed to have traveled as a missionary through Asiatic and European Scythia; to have afterward passed through Thrace, Macedonia and Epirus into Achaia, and to have suffered martyrdom A. D. 70 at the city of Patra.

Starved on the Cross.

The Roman pro-consul, it is said, caused Andrew to be first scourged and then crucified by being fastened by cords instead of nails to the cross to produce a lingering death by hunger and thirst. The instrument of punishment, instead of being T-shaped, was in the form of an X.

It is said that a Christian woman of high rank, named Maximela, caused the body of Andrew to be embalmed and buried; and that in the early part of the fourth century it was removed by the Emperor Constantine to Constantinople, where it was deposited in a church erected in honor of the twelve apostles. It is further said that in 368 A. D. a pious Greek monk named Regulus conveyed the remains of the saint to Scotland and deposited them on the eastern coast of Fife, where he built a church. Here afterward arose the city and cathedral of St. Andrew.

Whatever credit may be given to this legend, Andrew has been regarded from time immemorial as the patron saint of Scotland.

THE OBSERVANCE OF THANKSGIVING DAY

Thanksgiving comes on Thursday next and Richmond's observance will be much in keeping with long established custom. With possibly one or two exceptions all of the manufacturing establishments will be closed the entire day; business houses will be closed either all or part of the day; the court house, city hall and banks will close all day and the postoffice will only transact business during the early morning hours. Services will be held in all of the city's churches.

The defeat of the radical element in politics is considered largely responsible for the recent increase in the wages of many who work for the big corporations.—News Item.

ANGRY AT ADVICE YET WILL HEED IT

John Quincy Adams Tells How Chicago Boys Can be Like Boston Youths.

ENVIRONMENT NOW WRONG

EFFORT WILL BE MADE TO HAVE ANTI CIGARETTE ORDINANCE PASSED AND TO GET 8-HOUR SCALE FOR CLERKS.

[Publishers' Press.] Chicago, Nov. 25.—Angered by an assertion from Dr. John Quincy Adams, of Boston, that Chicago boys are not up to the standard of the "Hub," the Cook County League of Women's clubs, has adopted resolutions declaring the Chicago youngsters the equal of any other boy on earth.

Dr. Adams, in an address before the club last night, based his criticism of the Chicago boy on the effect of environment. "A street should be a noble, dignified picture," he told the league, "a hyacinth pond, a lamp post a gem, a public building an ideal."

"This is not the case in Chicago. The streets are filthy. Hideous billboards line the boulevards. The city hall is fenced in to protect pedestrians from the crumbling walls."

Surrounding Prevent Development.

"With such surroundings, no matter how hard they may try, Chicago boys can never become ideal citizens."

"I hope," said the League's chairman, when the resolution in support of the Chicago boy was adopted by the organization, "that Dr. Adams doesn't think they have ideal boys in Boston. Chicago wants good, strong, strutting boys and that's what it's got."

The League took Dr. Adams' hint, however, to the extent of taking action in support of two movements to protect the city's youth. One committee will wait on department store managers Monday to ask them to divide their forces into eight hour shifts during the holidays. Another will be used to use its influence with the city council Tuesday for an anti-cigarette ordinance.

WANTED: PAIR OF MONKEYS

Board of Works is Desirous of Adding Two of the Little Fellows to Zoo at Glen.

Recognizing the native ability of the monkey as an entertainer of the first water, the Board of Works of Richmond is very desirous of adding a pair of simian residents to the Glen Miller zoo next summer. The monkey cage in most public parks that maintain zoological adjuncts, is the most popular rendezvous of the children as well as of the older visitors, and the local Board of Works is now undertaking to fill a long-felt want. Correspondence has been taken up with animal dealers.

CONCERT WAS PLEASING

Large Number Heard Program of Sacred Music at First Methodist Church Last Night.

The second monthly sacred concert by the choir of the First Methodist church was given last evening before a congregation that filled all available space in the great auditorium. The pastor, the Rev. R. J. Wade, preached a five-minute sermon, and the remainder of the service was devoted entirely to the musical program which had been arranged by Prof. J. L. Harris, musical director of the church. Mrs. L. C. King presided at the organ. The numbers were, without exception, excellently given, especially the rendition of "Savior, Breathe an Evening Blessing," by a quartet composed of Mrs. Gorman, Mrs. Longnecker, Mr. Wehrly and Mr. Harris. Other numbers were a solo from "The Messiah," by Prof. Harris; an anthem by a trio composed of Miss Friedley, Mr. Garver and Mr. Wehrly; an anthem by Mr. Cox and chorus; a solo by Miss Jessie Mann, and a duet by Miss O'Neal and Mr. Wehrly.

THE FEDERAL COURT BILL

Said That the Measure Providing for Courts in This State Will Get a Hearing.

Indianapolis, Nov. 25. (Spl.)—The Indiana federal court bill did not die at the expiration of the last session of Congress but it is pending on the House calendar with a favorable report from the Committee on Judiciary. The committee says: "The bill creates seven judicial divisions in the district of Indiana and provides a place of holding court in each division. Indiana now constitutes a single district without divisions. It has five places of holding court: Indianapolis, Evansville, New Albany, Ft. Wayne and Hammond, but there are no statutory provisions requiring actions to be brought or tried at any particular place. Actions may be filed at any of these places and process runs throughout the State."

TO EXTERMINATE HAWK

E. E. Earle, Deputy State Game Commissioner Would Offer Bounty of 50 Cents Each.

E. E. Earle, of Indianapolis, deputy state game commissioner, is receiving many letters advocating the enactment of a law by the next Legislature providing for a bounty of 50 cents each upon hawks, as advanced by Mr. Earle some time ago. Mr. Earle believes that something should be done to exterminate the hawk family because of its destruction of the quail.

Eastern Indiana in general, and Wayne county in particular have not been "overrun" with hawks in recent years, though almost every farmer declares that there has been a noticeable increase of the feathered pest during the past year or two. Wayne county farmers would favor the provision for a bounty.

SENATOR BAILEY ENDORSES ACTION

Old Enemy of President Thinks Discharging Colored Troops Was Right.

WANTS AN ORDERLY ARMY

SAYS IT IS INTENSELY GRATIFYING TO PEOPLE OF SOUTH THAT ROOSEVELT REMAINED FIRM IN COURSE TAKEN.

[Publishers' Press.] Washington, Nov. 25.—Senator Joe Bailey, of Texas, who fought the President over railroad rate legislation last session and made the chief executive the victim of the most vicious personal attack ever before heard in either house, stands by President Roosevelt in his recent dismissal of three companies of colored soldiers for deadly rioting in Texas.

"I have not talked with any of the senators or representatives from the south, but it is my opinion they will all cordially support the action of the President," declared the Senator today in an interview.

He continued: "Assuming that he possessed the power, I think all fair minded men who desire to see the army an orderly and law-abiding organization, will cordially endorse the positive manner in which the President has exercised his power. I have no doubt that the President would have applied the same heroic treatment if the offenders had been white troops and certainly nobody would insist that negro troops shall be exempt from the same requirements of orderly behavior which rests upon, and would have been enforced against white troops."

"It is practically gratifying to the people of the south that the President has resisted the political influences which sought to have him recede the order after he had issued it. To have rescinded or even to have modified the order after it was once made would have demoralized the army and produced incalculable harm in all of the southern states."

YOUNG HUNTER KILLED BY AN ENRAGED BEAR

[Publishers' Press.] Dubois, Pa., Nov. 25.—A party of hunters arriving here today from the mountains in Elk county, bringing an account of John Dicht, aged 18, being killed by a bear on Saturday. He had shot the bear bringing it down and went up to it to bleed it, thinking it dead, when the animal arose, tore off one of his legs, one of his arms and disemboweled him.

One Woman Killed.

[Publishers' Press.] Newark, N. J., Nov. 25.—One woman was killed and a score of men, women and children injured by the collapse of the lobby of New Century Hall here tonight.

HIGH HOPES FOR THE SECOND WEEK

Y. M. C. A. Promoters Feel Sure of Securing Larger Fund than Last Week.

BUT 300 ALREADY SEEN

THE AMOUNT ALREADY RAISED FOR SPLENDID CAUSE REPRESENTS AN AVERAGE CONTRIBUTION OF ABOUT \$30.

One week of soliciting for the new \$100,000 Y. M. C. A. building is ended, and \$9,528 is subscribed to the undertaking. The second week's canvass will begin early this morning, and those back of the movement are in high hopes that the amount will be doubled before the week ends next Saturday noon.

The showing made last week was exceptionally good, considering the fact that only small contributors were appealed to. A prominent member of the committee of twelve, which is composed of the business men back of the scheme, stated Saturday night, that only five hundred cards had been distributed last week, and in many cases the persons for whom they were intended had not been broached on the matter of giving to the cause, owing to the large amount of work the canvassers had on hand. He stated that it was his opinion that not more than three hundred people out of the five hundred had been called upon, and that the \$9,528 was raised among these three hundred people. He said that many people who had been approached to give to the cause, had taken their cards and told the committeemen that they wished time to think over the matter before they decided to give. In many instances these people are expected to give more than the amount which their card calls for.

Solicitors Seldom Failed.

The men in charge of the soliciting last week, were seldom turned down, and those people who gave contributed all that the Y. M. C. A. executive committee had expected of them. Many women are showing their interest in the campaign by giving larger amounts than their appropriation card calls for.

When asked if the returns were all he expected, Secretary Brown, in charge of the work, stated: "No, not exactly, although the people of the city are responding very well. You know that we men in the Y. M. C. A. work, expect greater things than in many instances, can be accomplished. It is natural for us to do so when we make it our life work to promote the Y. M. C. A. In other words we are probably over enthusiastic. You can say that we are going to have a Y. M. C. A. in this city, and we are going to have a \$100,000 building. I am not over confident in this, but the spirit of the people back of the affair shows that the matter will not be dropped until the association building is a reality."

Sharon Jones on Subject.

Sharon E. Jones, one of the members of the executive committee, stated last night that it was the intention to make the association thoroughly representative of the people, and it was the intention of the committee to let the people's money build the home for the association in this city. He said that the wealthier men of the city would not be called upon to contribute, until it was known that all the money that could possibly be raised from the middle class of the people of the city had been turned in. The business men of the city will be appealed to in the course of the next few weeks and it is expected that at that time the amount given will grow with leaps and bounds.

Tonight the young men's committee, which is doing such good work in the canvass, will hold its weekly meeting in the rooms of the Commercial club in the Masonic Temple and it is expected that several hundred dollars will be turned in at the meeting.

The business men's committee meeting will be held Wednesday night while the industrial committee will hold its meeting Friday night.

STATE Y. M. C. A. OFFICERS

Convention at Fort Wayne Decides to Increase Scope of Work and Votes \$10,000 For it.

Ft. Wayne, Ind., Nov. 25. (Spl.)—The State convention of the Y. M. C. A. on Saturday elected the following officers: Pres., Dr. George W. Switzer, Lafayette; vice Presidents, Sol C. Dickey, Winona and E. D. Emmons, Ft. Wayne; treasurer, John F. Wallick, Indianapolis; secretaries, W. D. Howe, Bloomington and Earl Young, Anderson; press secretary, W. J. Nitsche, South Bend.

The convention authorized the State committee to employ an additional field secretary and increased the budget to \$10,000.

Fractured Her Hip.

Mrs. Charles N. Street, residing on North 10th street sustained a fractured hip Saturday night as a result of a fall.
